Post Tournament Lunch

The 21 HOOPS basketball program is a youth basketball organization based in Susquehanna County that promotes and provides basketball opportunities for youth ages 5-18. We do this by providing AAU basketball experience during the off-season for grade school, Junior High School, and High School players. In addition we conduct skill sessions and summer co-ed basketball camps in four different school districts.

The purpose of the tournament is to help with costs of the program to our players and to open the opportunities to more boys and girls in Susquehanna County and surrounding areas. Proceeds will benefit:

- Help with our maintaining of the Don White Memorial Scholarship Economically disadvantaged players who might need assistance to participate
- Costs associated with entries into tournaments
- Supplies needed to successfully run the program
